Vise-Grip Groove Locking Pliers, 6 Inch

IRWIN®, maker of the world's most famous locking pliers, has now revolutionized the pliers market with the introduction of a revolutionary pliers design. The new revolutionary pliers feature a traditional groove joint design that allows the user to raise the top handle to lock the pliers, eliminating the old-fashioned locking mechanism that is easily opened by the user. The Groove locks are a new design and a ProTool design that is comfortable to use. The Groove locks feature a new design that manufactures defective specifications. The Groove locks are designed for all your small applications and are available for fitment on round and square bars.
