Product Description

22-18 Gauge #10 Stud Ring, High Temp Terminal, Bag of 100

High temperature butt connectors are terminals that mate, connect, or terminate a single wire. High temperature butt connectors are ideal for use in high temperature applications like motors, ovens or other applications where terminals can melt. This series is ideal for use in high temperature applications like motors, ovens or other applications where terminals can melt. Constructed of steel plated nickel. Rated for continuous operating temperature of 482° C (900° F), intermittent rating of 649° C (1200° F).

Product Description

12-10 Gauge Terminal, 100

Vinyl-insulated, flared connectors that are designed for use in applications while allowing for a secure electrical connection. The economic insulation on the spade terminal prevents the terminal from providing a secure connection. The spade terminals are used in a wide range of electrical applications including building wire; 1000
