Product Description

Faucet Handle Black

Faucet Handle Conversion To PUSH Handle

PUSH Handle can quickly and easily convert most coffee or tea faucets from hand operated to “hands-free” cup activated. Our handle will install directly onto most tea and coffee faucets used in the commercial food service industry. It is made of 304 stainless steel with a brushed finish. This Faucet PUSH Handle is one way to help customers and staff feel safer dispensing tea or coffee at drink stations located in dinning areas, from dispensers in the back of the house or anywhere dispensers are located. Please note that this handle will not work correctly if a faucet guard blocks its operation. In those cases, the faucet guard can be removed.
