## Faucet Handle Black

# Faucet Han PUSH Hand

PUSH Handle can quickly dispense coffee or tea from a "cup activated" faucet. This is a standard feature in most tea and coffee service industries. It is also available with a brushed finish. This is a quick and easy way to help customers dispense coffee or tea at drinking fountains. The handles are located on the dispensers in the same place as the handles. If the handles are removed, the dispensers will not work correctly.
