Product Description

Faucet Handle Black

Faucet Handle PUSH Handle

PUSH Handle can be used on coffee or tea faucets. The "push free" cup activated design is the most tea and coffee friendly design in the food service industry. The brushed metal finish is a great way to help customers enjoy their tea or coffee at drinking fountains from dispensers in the office. If dispensers are located in a public area, they will not work correctly in high traffic operation. In those cases, the handle should be removed.
