## Faucet Handle PUSH Handle

PUSH Handle can be used on coffee or tea faucets. The "push free" cup activated design is the most tea and coffee friendly design in the food service industry. The brushed metal finish is a great way to help customers enjoy their tea or coffee at drinking fountains. The push dispensers are located in most dispensers in the food service industry. The push dispensers will not work correctly if the push button is removed. In those cases, the push button should be removed.
