

Micro Flush Soft Wire Cutter With Spring Loaded Handles, 5 Inches

Made In Italy, Micro Soft Wire Cutter, Flush Cut, 2.5mm Hardened Carbon Steel Construction, 21-Degree Angled Jaw, 8mm Jaw Length, 16 Gauge Maximum Cutting Capacity. The cutter has an 8mm long jaw set at a 21-degree angle for flush-cutting terminal wires up to 16 gauge (1.3mm). The tool is constructed of 2.5mm heat-treated carbon steel that provides durability and long life. Precision-ground holes and surfaces provide smooth movement. Nonslip hand grips provide comfort and control, and a dolphin-style curved fore-edge protects hands from cutting surfaces. An internal spring returns the tool to the open position, reducing operator fatigue. Parkerized surfaces prevent glare and increase corrosion resistance.
