Product Description

Parts Storage Box (Only) 27 Compartments
10.5W x 5H x 3D

Large-capacity Double-layer storage box adopts double-layer design, providing more storage space for your parts. The box has a depth of 3 inches, suitable for storing small components, fittings, and the like. The box is made of high-quality plastic and has a sturdy construction. Movable Dividers for the top layer are 12 movable small dividers, which can divide the 4 fixed compartments into 16 smaller ones, and 5 detachable dividers, which allow you to freely adjust the compartments according to the needs of your storage. Strong Plastic Box: The box is made of strong plastic, which is durable and resistant against wear and impact, making it less likely to break. Stainless steel latches are used to close the box, making the box easy to open and close.

is designed with double buckles for tight closure and stable structure

Product Description

Pentek 20 Inch Big Blue Dual Housings Empty Filters Assembly With Pressure Relief, 1 Inch Fpt, Includes Wrench

Item Must Be Ordered, Pentek Big Blue Housing Filtration System makes installation and set-up of a high capacity system even easier. Well suited for residential, commercial and industrial water filter applications. This housing system has great versatility to meet all of your large volume filtration needs. It is sized to handle the water for an entire household, even in areas where you need to filter a high flow of water and/or a heavy amount of sediment. The 1-inch internal port allows a greater amount of liquid to pass through the cap with more speed, while the built-in pressure release button in the cap makes it easier to loosen the sums when it's time to replace the filter. Max Pressure 90 Psi, Max Temp 100°F, Flow Rate 40 Gpm
