Product Description

Lubricant 8 Ounces With Smart Straw

Multi-purpose lubricant reduces friction, displaces moisture, removes grease and grime, and protects metal from rust and corrosion. Petroleum-based formula can be used on most materials, excluding polycarbonate and clear polystyrene. 8-oz. aerosol canister can be stored in toolboxes and tool belts for portability. Included straw creates a precision stream of lubricant for controlled application and fastens to the notched cap for secure storage. Corrosion protection continues even after the lubricant has dried
