

Pentek 20 Inch Big Blue Triple Housings Empty Filters Assembly With Pressure Relief, 1 Inch Fpt, Includes Wrench

Item Must Be Ordered, Pentek Big Blue Housing Filtration System makes installation and set-up of a high capacity system even easier. Well suited for residential, commercial and industrial water filter applications. This housing system has great versatility to meet all of your large volume filtration needs. It is sized to handle the water for an entire household, even in areas where you need to filter a high flow of water and/or a heavy amount of sediment. The 1-inch internal port allows a greater amount of liquid to pass through the cap with more speed, while the built-in pressure release button in the cap makes it easier to loosen the sumps when it's time to replace the filter. Max Pressure 90 Psi, Max Temp 100°F, Flow Rate 40 Gpm
